About this document

- This document provides the latest information about the Hitachi Storage Plug-in for VMware vCenter. It includes information that was not available at the time the technical documentation for this product was published and known problems and solutions.

Intended audience

- This document is intended for customers and Hitachi Ltd. partners who license and use the Hitachi Storage Plug-in for VMware vCenter.

Getting help

The Hitachi Data Systems Support Center staff is available 24 hours a day, seven days a week. Provisions for patches and fixes are restricted to normal business hours, 8 a.m. to 5 p.m. PST.

To reach us, please visit the support Web site for current telephone numbers and other contact information: <http://www.hds.com/services/support/>. If you purchased this product from an authorized HDS reseller, contact that reseller for support.

Before calling the Hitachi Data Systems Support Center, please provide as much information about the problem as possible, including:

- The circumstances surrounding the error or failure.
- The exact content of any error message(s) displayed on the host system(s).
